

## Results for SOC Summer Series Event 2, Southampton Common, 24/04/10

Southampton Common, the second of our SOC Summer Series and once more we were blessed with a beautiful Sunny Day.

Again we had in excess of 60 Starts with some family and group entries trying out more than one course.

It's good to see we are attracting many new faces to these events and that participants of earlier Local events are coming back for more.

Obviously the weather plays a big part in people's enjoyment of an event but we must be doing something right, as there were a lot of smiling faces around at the finish.

It would be good to have a few more experienced Orienteers trying these events, the regulars who do come along gain from running actual 'O' courses rather than just going for a training run. We also need experienced Orienteers to help by giving some of the first timers and novices a helping hand to get started. So come on all you SOC members, why not give the Summer Series a go? You may be surprised about what is on offer and you can help introduce newcomers to our sport!

The next event will be on May the 8th at Southampton Sports Centre.

See you soon,

Kevin Bracher,

Organiser/Planner.
